In Cracow, American financial services provider State Street has built a new service centre covering an area of 2750 m². It is the company's first branch office in Poland and has created around 640 new jobs. Here, consulting services are primarily offered to investors, investment funds, pension funds and not-for-profit organisations as well.

Poland

Completion date: 2009
Products:
**open up, netwin, meet
table, meet chair**

In the directors' and management offices, **open up** chairs were used whereas the **netwin** range was chosen for the conference rooms, open spaces and training rooms. In the staff break rooms, chairs and tables of the **meet chair** and **meet table** series were used. Photos: © Sedus
