

Zweckverband Ostholstein
Architecture: RKW Architektur + Städtebau
Office Conception: Drees & Sommer

Zweckverband Ostholstein
Wagrienring 3-13
Sierksdorf
Germany

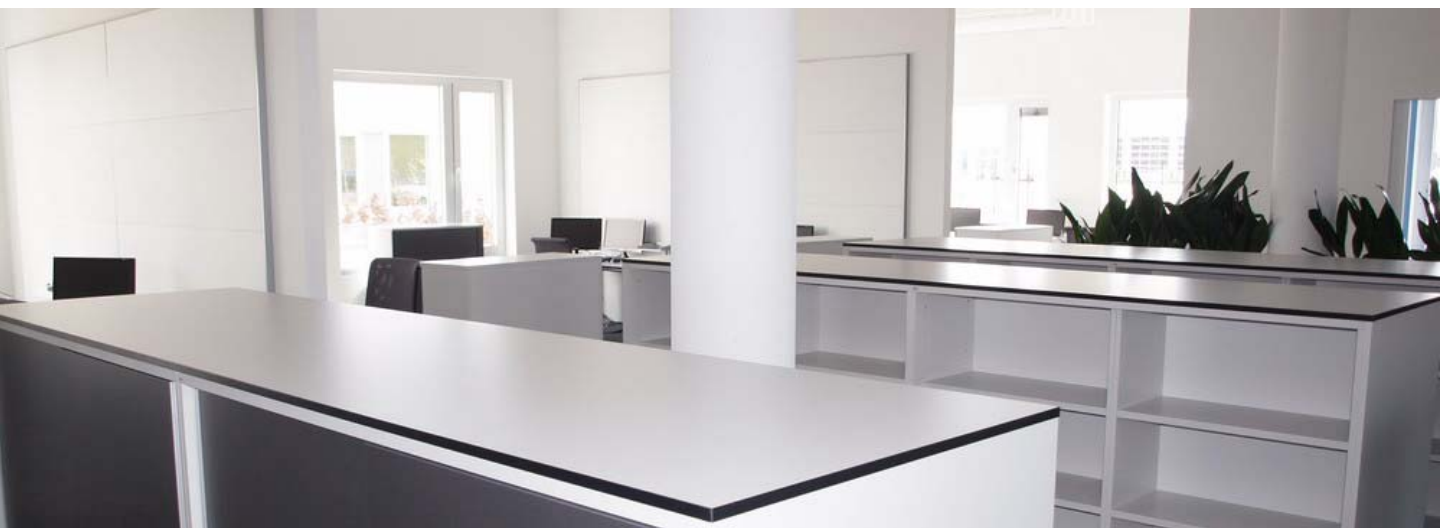

Completion date: 2009

Products:
temptation, activation,
netwin, meet table

Bright and open spaces have been furnished with the **temptation** desk system. For seating, there are **netwin** swivel chairs and zoning is achieved with the **activation** series of cabinets

The group Zweckverband Ostholstein (ZVO) supplies in the German region households, companies and communities with services relating to used water and atmospheric water, gas, heat, drinking water and waste and materials management. In April, new offices were acquired and the workstations of around 210 employees were reorganised and re-designed. In the mostly open-plan office zones, bench workstations were created with the temptation furniture system.

Zentralverband Ostholstein
Architecture: RKW Architektur + Städtebau
Office Conception: Drees & Sommer

Zentralverband Ostholstein
Wagrienring 3-13
Sierksdorf
Germany

Completion date: 2009

Products:
temptation, activation,
netwin, meet table

Every employee has storage space near where he/she sits in the form of an **activation** container.

In the rest and recreation area, employees can meet for a chat over a cup of coffee at the combined three-part **meet table**.
